Forecast for Wednesday 17 May 2023

Weather: Generally fine and dry for much of the day with high cloud making sunshine hazy. Thicker cloud pushing in from the west late afternoon with outbreaks of rain following behind in the north into the evening. Winds picking up in association with the rain.

Chance of cloud-free hill tops above 800m: 90% becoming 70% in the north later into the evening.

Low Cloud and visibility: Good visibility, perhaps temporarily dropping to moderate in rain in the north later in the day. Scattered low cloud pushing in from the west during the evening, mainly in the north, base 700-900m.
